Cookies and Other Tracking Technologies

We and our service providers may use cookies and similar technologies to collect usage and browser information about how you use our Site. The technologies we use for this automatic data collection may include cookies and web beacons that permit us to verify system and server integrity and generate statistics around the popularity of certain content. We process the information collected through such technologies, which may include or be combined with Personal Information, to help operate certain features of our Site, to enhance your experience through personalization, and to help us better understand the features of our Site that you and other users are most interested in.

Website Delivery and Appearance – We may use third party providers to enable certain customer interaction opportunities, content delivery, or other service capabilities. Examples include, but are not limited to, the following functionality:

- **Customer Interaction:** We enhance our customer interactions by offering features like Google Maps to locate our various locations and clinics. Each of these offerings are governed by the terms, conditions, and policies of the underlying service provider. For example, please see [Google Maps/Google Earth Terms of Service](#) and [Google's Privacy Policy](#) for more information on how that feature operates.

- **Chat-based Customer Support:** We use a chat feature powered by a third-party to enable live customer service and technical support via our Site. When you engage in the live chat enabled by this service provider, we will automatically collect and share certain information (such as personal identifiers, usage information, and message content) with the vendor to provide the customer service and technical support enabled by the live chat tool.

Website Analytics and Heatmapping – We use analytics and heatmapping services, that use cookies and other technologies that collect your Personal Information, to assist us with analyzing our Site traffic and site usage to optimize, maintain, and secure our Site and inform subsequent business decisions (including, e.g., advertising). These include, but are not limited to, the following third-party services:

- **Heatmapping:** We partner with third parties, including VWO, to capture how you use and interact with our Site through behavioral metrics, heatmaps, and session replay to improve and market our products/services. Site usage data is captured using first and third-party cookies and other tracking technologies to determine the popularity of products/services and online activity. Additionally, we use this information for site optimization, fraud/security purposes, and advertising.
- **Google Analytics:** To learn more about how Google uses data, visit [Google’s Privacy Policy](#) and Google’s page on “[How Google uses data from sites or apps that use our services.](#)” You may download the [Google Analytics Opt-out Browser Add-on](#) for each web browser you use, but this does not prevent the use of other analytics tools. To learn more about Google Analytics cookies, visit [Google Analytics Cookie Usage on Websites](#).

Interest-Based Advertising – We may also allow or enable third parties to collect limited Personal Information and anonymized data to provide their interest-based advertising on behalf of our products and services, or their own. Interest-based advertising occurs when advertisements are shown to you based on information collected from your online interactions over time and across multiple websites, devices, or online services that you visit or use. Some companies may engage in cross-context behavioral advertising to predict your preferences and show you advertisements that are most likely to be of interest or relevant to you. We do not control these third parties’ collection or use of your information for these purposes, or the opt-out options they may individually offer you via their terms, conditions, and privacy policies. If you have any questions about an advertisement or other targeted content, you should contact the responsible provider directly. Examples of the third-party service providers we engage to serve interest-based advertisements include Google Ads, Meta Ads, Bing Ads, and LinkedIn marketing solutions (including LinkedIn Ads and Analytics) for employee recruiting.

Cookie Choices – To manage your preferences with respect to these technologies, you can:

- Visit our preferences page or customize your browser settings to refuse all or some browser cookies, or to alert you when websites set or access cookies. If you disable certain cookies, please note that some parts of our Site may not function properly. These settings may be lost and require reconfiguration if you delete your cookies.
- Block the collection and use of your information by online platforms and ad tech companies for the purpose of serving interest-based advertising by visiting the opt out pages of the self-regulatory programs of which those companies are members: [National Advertising Initiative](#) and [Digital Advertising Alliance](#) (or the [European Interactive Digital Advertising Alliance](#), if you are located in the European Economic Area). Please note that even if you opt out of interest-based advertising, you may still see “contextual” ads which are based on the context of what you are looking at on the websites and pages you visit.

- Review and execute any provider-specific instructions to customize your preferences or opt-out of certain processing, including interest-based advertising, by third party service providers. For example, to opt-out of this type of advertising by Google, customize your ad preferences, or limit Google's collection or use of your data, visit [Google's Safety Center](#) and [Google's Ad Settings](#) and follow [Google's personalized ad opt-out instructions](#).

We retain your information for as long as needed: (i) to conduct business with you; (ii) fulfill the purposes outlined in this policy; and (iii) to comply with our legal obligations, resolve disputes, and enforce any agreements.

Criteria we will use to determine how long to retain your Personal Information include the nature and length of our business relationship with you; our legal rights, obligations, and retention requirements; and if we have an ongoing business purpose for retaining your Personal Information.
